

I want you guys to think 'out of the box' & look at your potential as a uniquely talented entertainer & not just an emcee. I want you to get creative, unleash the power of imagination & let your special talent emerge. Let's do this...

### **DISCOVER YOUR OTHER TEAM MEMBER - MUSIC:**

1. At what level does music affect people?

---

---

2. Why is having your own DJ important?

---

---

---

3. How do you make the most of a DJ you are not familiar with?

---

---

4. What are the 5 categories of music?

---

---

---

5. Explain beats per minute and how it affects our heart rate?

---

---

6. When is playing the music louder, better?

---

---

7. How do you regain back the audiences attention without screaming/shouting?

---

---

8. What is focus music? Why is it so effective?

---

---

9. What is anchor music? When do we use it and why?

---

---

**ACTION STEPS:**

1. Have you allocated the right music for the right result? How did it go?

---

---

2. How do you intend to explain timing and volume control to your DJ?

---

---
