

I know you want 'in' on what I'm talking about, because without it you're not going to create as exciting an atmosphere on your events that I know you CAN create. Let's do this...

PEOPLE LOVE TO FEEL THE SENSE OF BELONGING:

1. What are Rituals in your own words?

2. How often should you have Rituals in your program? Why?

3. Design a Ritual of your own and own it...

4. How many Rituals should you have in any one event? Why?

5. What difference have you noticed in your events when you insert Rituals in them?
